A LETTER TO YOU

Dear Future Panhellenic Woman,

Welcome to the beginning of an incredible journey! Your interest in sorority life here at The University of Akron is going to play such a significant role in your college years and throughout the rest of your life. Joining the Panhellenic community will be your chance to grow, give back, lead, and learn in new and exciting ways here on campus. I am proud to share with you my passion for Greek life and experiences in our community through my position on the Panhellenic Council. This new adventure will lead you to unforgettable moments, memories, and experiences that will make you feel like you're part of something much bigger than yourself.

Far too often it can be difficult for us to recognize moments in our lives that profoundly change who we are. I can confidently say that receiving my bid in Spring of 2020 was undeniably one of those moments. I was a 19 year old freshman transfer student, who was nervous about making new friends, but ready to dive head-first into my college experience. I knew from the beginning that I wanted to join a sorority but the impact it made on me was something I never could have imagined. In this community I have gained a support system, lifelong best friends, sisters to study with, and a home away from home. The memories I've made during my experience in fraternity and sorority life have been so special and rewarding and I am so excited you're looking to make some memories of your own!

While I would consider the memories I've made in fraternity and sorority life to be some of the best, they were not the only ones I've made on campus. Greek life has become a huge foundation of support and provided the stepping stone I needed to become more involved in countless other opportunities that The University of Akron has to offer. The members of our Greek community are leaders in hundreds of other areas on campus and they play a vital role in the success of many programs and initiatives here at UA! So, not only should you view sorority recruitment as an opportunity to build connections within the Greek community, you should expand on those connections to build a network across our entire campus!

As the Panhellenic Vice President of Recruitment, I am proud to represent Sorority Life here at UA and I hope you trust me when I say that sorority life will change you for the better. I cannot wait to introduce you to the amazing opportunities that being a Panhellenic woman has to offer. I am so excited for you to experience my favorite weekend of the year! Going into that weekend, my advice to you is this: keep an open-mind, don't be afraid to be yourself, step outside of your comfort zone, and build connections! If you have any questions at all, please feel free to contact me at any time!

With Panhellenic love,

Hailey Wisniewski-Wilmot
Vice President of Recruitment

A LETTER FROM THE **PANHELLENIC PRESIDENT**

Potential New Members and Members of the Panhellenic Community,

Welcome to Panhellenic Sorority Life at the University of Akron! Our community is currently composed of five National Panhellenic Conference (NPC) chapters: Alpha Delta Pi, Alpha Gamma Delta, Alpha Phi, Delta Gamma, and Delta Zeta. Each chapter on campus is unique in their history, rituals, symbols, and more. Despite these differences, they were all founded on the common values of scholarship, leadership, civic responsibility, and community. Our community currently comprises over 300 women. Sorority involvement continues to provide women with the opportunity to be part of the tradition of excellence- UA Fraternity and Sorority Life.

You will come to find that sorority women are so much more than our representation in the media. We are loyal friends and stellar students. We are strong leaders and compassionate volunteers. Sorority women have excelled as engineers, teachers, doctors - the list goes on. There's even a sorority woman serving as the current Vice President of the United States! The Panhellenic community at UA strives to make spaces for women that don't otherwise exist in the world and help you achieve your dreams.

I encourage each of you to visit our website and social media to learn more about recruitment, our Executive Board, our individual chapters, and our sorority community here at the University of Akron. Please reach out to me if you have any questions. We are excited to share more information about the organizations we are so passionate about and how you can become a part of our amazing community!

Go Zips, Go Greek!

SORORITY RECRUITMENT ROUNDS

SISTERHOOD ROUND:

This is the first opportunity you will have to meet all five Panhellenic chapters here at The University of Akron! You will travel with your recruitment groups to each house, spending 30 minutes with each chapter. You must visit all five chapters in order to continue through sorority recruitment. At the end of this round you will make your selections. Dress is casual - a nice top would be appropriate.

PHILANTHROPY ROUND:

You will visit up to three sororities during this round and can expect to learn about each chapter's individual philanthropy. You will be participating in "hands on" activities to benefit each chapter's philanthropy. Each chapter will also discuss their membership dues and other financial information with you this evening. You will be given a paper summarizing each chapter's financial obligations so you may want to bring something to take notes with! Drinks and light snacks will be provided at each chapter location. You will be traveling with Recruitment Guides to each chapter location, spending 45 minutes at each. At the end of this round you will make your selections. Dress is business casual - wear comfortable shoes and dress suitably for the weather. Jeans, skirts, or dresses are appropriate.

PREFERENCE ROUND:

You will visit up to two sororities during this round. This is a special round as you will participate in each chapter's formal ceremonies, meaning each will share a small part of their ritual with you. You will be traveling with Recruitment Guides to each chapter location, spending one hour at each chapter location. Drinks and light snacks will be provided at each location. At the end of this round you will rank the chapters you have remaining. Dress is business casual but you may choose to dress up a little more if you wish to do so - This could be something that you would wear to a business meeting or a wedding. Some examples would be rompers, jumpsuits, dresses, or a blouse and dressy pants/skirt.

BID DAY:

Chapters will arrive to Coleman Commons to welcome new members in a Bid Day celebration. Additional activities will be held at respective chapter locations. The Recruitment Guides' chapters will be revealed today also! Dress is casual - Jeans, shorts, skirts, or leggings would be appropriate. Shoes could be converse, sandals, booties, anything you're comfortable wearing and want to take pictures in! You might want to consider wearing a jacket or flannel with a tank top underneath since you will be changing into a shirt as soon as you run home!

THE DO'S AND DON'TS OF SORORITY RECRUITMENT

DO:

Talk to other potential new members. You could be spending a lot of time with these women in the next few years!

Stop by the Office of Fraternity and Sorority Life, on the 1st floor of the Student Union in the Department of Student Life. That is a great location to get any questions you have answered.

Make the right decision for you. Regardless of what others may say, you need to make up your own mind. It is your decision and it will impact the rest of your life!

Keep an open mind while talking to women and visiting the different chapters. Every chapter is unique and has a lot to offer its members.

Write down your impressions of a sorority immediately following an event. It is a hectic week and this will help you evaluate your options.

Be positive. First impressions are huge and a conversation with nothing but complaints will work against you.

Smile! It's the easiest way to win people over.

Be yourself. This will help the chapters get to know the real you and will help you figure out where you should be!

Be comfortable. You will be sitting in crowded rooms and will be walking a lot. Be sure to wear a comfy pair of shoes!

Get plenty of sleep. You will need it. It is a busy weekend!

Get ahead on assignments. We don't want you to be stressed and worried about school all weekend when you're trying to have a fun time! We value your academic success and you should too!

DON'T:

Don't have your heart set on one sorority. Chances are there will be several sororities you can relate to. Keep an open mind and you will end up in the place that fits you best!

Don't swear. Again, first impressions are everything.

Don't talk badly about other chapters. A lot of sorority women are friends with women from other chapters. You never know who has friends where and talking poorly about others can make you look bad too!

Don't compare yourself! It may be hard but try not to compare your recruitment process to another potential new member's. It will all work out in the end!

Don't give up if you don't get invited back to a chapter you really enjoyed being at. Carefully consider the options you have left before you end the recruitment process. After all, you never know where you are meant to be!

PANHELLENIC COUNCIL EXECUTIVE BOARD

The Panhellenic Council serves as the collegiate governing body of the five Panhellenic sororities on The University of Akron's campus.

The Panhellenic Council is composed of eight executive board members, each holding a different position. The eight positions are Panhellenic President, Vice President of Administration, Vice President of Recruitment, Vice President of Membership, Vice President of Communications, Vice President of Judicial Affairs, Vice President of Community Relations, and Vice President of Risk Management. We also have three directors, who assist the executive board throughout the year. The three positions are Director of Recruitment, Director of Public Relations, and Director of Circle of Sisterhood. The Panhellenic Executive Board works to unite sorority women on common goals, create a network of support for chapters and members, and to serve our Panhellenic and campus community. We sponsor interactive programs and activities not only for sorority women but for all students, such as educational speakers and risk management presentations.

RECRUITMENT GUIDES

Recruitment guides are disaffiliated members of the Panhellenic community who are dedicated to helping potential new members throughout the recruitment process. They are highly trained and prepared to answer any questions regarding recruitment, the Panhellenic community, as well as Fraternity and Sorority Life as a whole at The University of Akron. Recruitment guides have temporarily left their respective chapters in order to assist you while being an unbiased resource. A recruitment guide is someone you can talk to, confide in, and trust. Along with the Recruitment Team and Panhellenic Executive Board, recruitment guides are here for you - so feel free to ask them any questions you may have!

CIRCLE OF SISTERHOOD

The Circle of Sisterhood Foundation supports entities that remove barriers to education for girls. They have made it their mission to end oppressive brutality against women internationally by uplifting them from poverty through education. The Circle of Sisterhood has been able to work to remove barriers to education in 24 countries on four continents, including funding the construction of 23 school builds in five countries since their founding in 2010.

The Circle of Sisterhood mission is to leverage the collective influence of sorority women to raise financial resources for entities around the world that are removing educational barriers for girls and women facing poverty and oppression.

In 2015, the Panhellenic council selected Circle of Sisterhood to be the Panhellenic Philanthropy. Since it has been selected, the Panhellenic community has raised over \$3,000 for the foundation. Our community has raised this money by hosting events by organizing Dine-to-Donates and T-shirt sales, as well as hosting Circle of Sisterhood week. By choosing this philanthropy we hope to empower women to value their opportunity to be able to receive an education as well as increasing their support in order to help millions of girls around the world receive an education and remove them from poverty and oppression.

As women receiving our own college education, we know the value of achieving an education, and we believe that every girl in the world deserves the opportunity to go to school.

SISTERHOOD

Being in a sorority helps you form a deeper bond than friendship, it allows each member to feel the true bond of sisterhood. The relationship between sisters will last a lifetime and as women of Greek life, we share traditions and values that create a strong foundation for a friendship that lasts not only four years, but for life. The bond of sisterhood will extend far beyond just your chapter. You will come to find that no matter which chapter you join, you are sure to find study partners, confidants, roommates, and life-long companions in women from every chapter. When you join a sorority, you realize how wide a real friendship between Panhellenic sisters truly extends.

LEADERSHIP

Membership in a sorority provides members with opportunities to develop as a leader. Every sorority is self-governed by its members, meaning there are numerous offices and leadership positions to hold. Sororities provide members with the opportunities to acquire leadership skills and gain experience in a setting that is often like the business world. There is a wide variety of leadership opportunities within every chapter; they range from being in charge of planning sisterhoods, to fundraising, to being president of the entire chapter.

All of our sororities also encourage their members to be involved with at least one other student organization on campus. This allows sisters to become even more involved on campus and in the surrounding community. In addition to the leadership positions individual chapters offer, there are also opportunities to serve in a leadership position within the fraternity and sorority community, such as serving as an executive officer for the Panhellenic Council. Or taking your leadership skills to one of our three Greek honoraries: Order of Omega, Gamma Sigma Alpha, or Rho Lambda. The leadership opportunities that are found within fraternity and sorority life improve networking and communication skills, which are two important assets to take into the real world once your college years are over.

ACADEMICS

All members of the Panhellenic community share one commonality: they are students first. Greek organizations at The University of Akron consistently rank at or above the undergraduate grade point average, and many chapters host intentional programming geared towards improving the scholastic performance of its members. While sorority women are very involved on campus and in the community, we always remember that our academic success is the number one reason for attending The University of Akron.

The Panhellenic Council values academic success and hard work, and offers scholarships to recognize Panhellenic women who maintain a high GPA. In addition, there are three honor societies (Order of Omega, Gamma Sigma Alpha, and Rho Lambda) that also recognize sorority members for their ability to excel academically. In order to join a sorority you must have a 2.6 high school GPA or a 2.4 cumulative college GPA. Last Spring, the Panhellenic community earned a 3.21 GPA.

CIVIC RESPONSIBILITY

Every fraternity and sorority believes in making a difference in the world, and members of The University of Akron's fraternity and sorority community never stop giving back. Through hands-on service and philanthropic support, each sorority is committed to civic responsibility. Their service to both the university and greater community helps many local and national organizations. All of our chapters dedicate their time and energy to countless community service efforts. Each sorority has its own inter/national philanthropy and participates on both local and inter/national levels through volunteering, projects, and fundraising. In addition to these efforts the university's Fraternity and Sorority Community comes together to do hands-on service and raise money for united causes several times a year.

Over the years our community members have attended an Alternative Spring Break trip to Camp Twin Lakes in Winder, Georgia. On this trip, members of our fraternity and sorority community spent five days improving the camp by building fences, painting, gardening, making signs, and completing many other projects as well. During Philanthropy Round, chapter members will show you how their time and effort benefits each of their inter/ national philanthropies and you will also be given the opportunity to learn about and contribute to the cause each chapter is passionate about.
