Campus Wellness Committee met February 16th. All members were in attendance; we welcomed Preshecca Ragavan, UG Council representative; Tausif Utchhash, Grad. Council representative; Leslie Kallenborn as new members. A report was given on RooFIT. There are 150 participants, and they are appreciative and taking advantage of the various bonus points activities. Per the request of one of the BOT, we will extend the invitation to them to participate next year. This is the final week of the UA/Kent Crosstown Throwdown Challenge. The winner will be announced at the UA/KSU men's basketball game on Friday, February 23rd. There was discussion about moving this challenge to Fall semester and including students. Other physical activity and community building activities such as starting walking groups were talked about. Zip Assist is recruiting students to participate in a four-week RADical Health peer-led goal setting program. It has been well received by students in the past. Finally, the subject of finding healthier and appealing dining options on campus was brought up. Aramark controls food services on campus and not sure if they would be amenable to conversation about this. There are a few vending machines that have healthier options. It was suggested to approach Aramark about getting them in more areas such as Polsky, COB, InfoCision and other spots on campus.
